Re: Closeout Monitoring Self-Training Available Online

The “Preparing for Closeout Monitoring – HOME & CDBG” training is now available online.

IHCDA has created a presentation to help partners prepare for HOME and CDBG closeout monitoring. The presentation, with audio sounds, is intended to be a self-guided learning tool so partners can choose when and where to view the presentation. The presentation includes key points you should know to close a HOME or CDBG grant.

1. Closeout Definition
2. Steps to Closeout (1 through 8)
3. How to organize files for closeout monitoring
4. Compliance Map
